MEXICO CLUB BY YOURI

Every 2 months we'll highlight a different city/country and its unique cuisine. These cold winter months makes us long for warm and exotic places. So, we decided to go with **Mexico**, the land of mariachi, tequila and corn. The cuisine is mostly very healthy, unlike the Tex-Mex kitchen we Dutchies are accustomed to. It's very vegetable forward with pure flavors hinting to spicy, fruity, acidic and hearty notes.
